BORN TO **SUCCEED**

As trailblazers in their field, the Berman Brothers are breaking new ground - figuratively and literally - every day. With developments underway that are pinned to be South Africa's new benchmarks in luxury residential spaces and project innovation, they will undoubtedly attract the attention of many discerning local and international onlookers. Paul and Saul Berman believe in creating masterpieces out of their developments and see great beauty in each individual design, drawing inspiration from the surrounding areas and always taking functionality into account. No two projects are the same, Paul and Saul maintain they have left a piece of themselves in every development they have created, thanks to the love and passion they pour into each masterpiece.

They wake up each morning with a hunger for this city and this propels them to create, recreate and inspire greatness in all that they do.

IN THE **PRESENCE** OF A TRUE **SUCCESS** **STORY**

The journey of the Berman Brothers evokes an air of respect and acknowledgment for their challenges and achievements. Standing in the presence of a true success story is incredibly inspiring.

Paul and Saul Berman have a remarkable passion for the vista that their eighth storey panoramic office overlooks. This is their playground with countless Berman Brothers developments in sight; some long established, some in progress and then the limitless potential of dream projects yet to be embarked upon.

One can only imagine the gravity of the responsibility that these giants of industry must carry. It is this strength that has ultimately brought the pair to a point of great success that so many strive for, but so few achieve.

Paul and Saul persevered for their place in the sun, earning their status as a property development giant not just in the Western Cape, but also in the rest of the country and abroad. The brothers have an undeniable bond and a genuine, mutual respect for one another that has forged the cornerstone of this family business.

Grit and hard work paired with innate talent truly makes them a force to be reckoned with. The Berman Brothers are at the forefront of even greater success as they transform the Cape Town landscape day by day, and it is a privilege to witness their dreams becoming our reality.

LIVE.LIKE NO-ONE ELSE...

THE STORY

We did not build an Estate, we created an Estate.

A design masterpiece, original in every form

THE BEST OF THE BEST

'Never before has it been done' is the perfect challenge for the Berman Brothers. Their vision for this ground breaking, feat of design and lifestyle excellence began over 6 years ago when the brothers looked to the Atlantic Seaboard landscape to discover what the absolute best product on the market was. They looked internationally for the ultimate benchmark and asked themselves, "What is the best of the best that's out there? Now, how can we do better?"

By identifying golden nuggets in different types of developments around the world, fine tuning these to meet the needs of a discerning market and then consolidating them into one epic masterpiece, they were able to create a vision of what the ultimate in luxury living truly meant. If you can dare to ask, "What does it really mean to have the best of everything?" The Estate is undoubtedly the answer.

A WORLD CLASS EXPERIENCE

The Estate is more than a building. It is an experience. As you arrive, you are greeted by a glass expanse that opens to a menagerie of light and art. The majestic Atlantic Ocean glistens at your back while you walk towards the face of Table Mountain right at your fingertips.

As you enter the palatial lobby, you are greeted by a personal concierge awaiting your arrival. You are led directly to the door of your mansion in the sky. Effortless access is all finished with a personal touch. To arrive at The Estate is to come home to your own private sanctuary.

AN EFFORTLESS ARRIVAL OF EXPERIENCE

Seamless and effortless access finished with a personal touch, the stately drive leads directly to your mansions door. As a resident, you will drive in and take a lift directly up to your apartment with beautiful finishes and exceptional views. We strived for exclusivity and we achieved this by having fewer apartments and increasing their size and ceiling heights.

CREATED WITH YOU IN MIND

Seventeen uniquely designed residences await, each customised to your taste with a dedicated valet, a grand lobby and private elevators. Every detail has been considered, curated and refined. Each residence has been perfectly crafted with superb materials into environments that are nothing short of extraordinary. Designed for you are the impeccably landscaped pool, bar and coffee stations.

Take in the amber sun setting behind the vast expanse of the Atlantic straight ahead of you as you unwind your day at the sunset deck and realise that this truly is your beautiful life. Live this day, live this way, every single day.

EXPERIENCE IT FOR YOURSELF

The Estate is unparalleled, designed and set for a 6 star experience.

The penthouse is unlike anything else, it is truly a work of art with Gregor Jenkins' exclusive designs coupled with magnificent views. The Estate is a lifestyle choice that few will ever get to make. Make it yours!

ARTISTS' IMPRESSION

WELCOME **HOME**

At the Estate, we have redefined luxury living in order to create an exclusive combination of extraordinary location, unparalleled views, elegant designer spaces, privacy and an altogether authentic lifestyle experience.

The design is modern, yet timeless. It is inspired by the rich textures of the local setting and culture. Generous private balconies, unobstructed views, crisp, natural light, seamless flow and limitless space are all integral components of The Estate's holistic design aesthetic.

We cordially invite you to join the perfectly designed space of the residences to experience inspired living that goes far beyond even your most luxurious expectations.

A TIMELESS **MASTERPIECE**

The Estate is where it all begins. It's a living statement of timeless elegance. It sets the new benchmark for quality living. This 4000+ m² exclusive residential development offers the luxury of choice between 2/3 bedroom in Modern or Classic apartment styles.

The pièce de résistance is The Estate Penthouse; a superior finished duplex penthouse unit accommodated in Estate 1 with breath-taking panoramic views.

CLASSIC

The Classic Apartment is lighter and brighter. It receives the eye with a soft welcome, the synergy between 'home' and luxury. There is a confidence in its maturity, the way a classic book deservingly fills its position on a shelf.

MODERN

The modern is a warmer, moodier and darker pallet. There is a sense of assertion inviting you in for a drink. A feeling of accomplishment, a notion of 'there' – the summit has been conquered, sit down, relax – you are home.

An aerial night photograph of a city skyline, likely San Francisco, showing a dense cluster of illuminated skyscrapers and buildings. A river and a bridge are visible in the middle ground, with city lights reflecting on the water. The sky is dark blue with some light clouds.

WHEN YOU
REALISE
ALL IS WITHIN
YOUR REACH

A **BOUQUET** OF AMENITIES & FACILITIES

The Estate is the first of its kind, original in every way.

Set on the expansive foot of Table Mountain, this exclusive, multi-level collection of residences presents the finest in luxury living on the Atlantic Seaboard.

These luxury homes are accessible via stately lobby areas and are manned by a 24-hour concierge. Security at The Estate is state of the art. It is safeguarded by a sophisticated security system and team. Every amenity is within reach: luxury shopping, fine dining, glamorous lounges, pools and luxurious spas as well as world class fitness facilities.

The Estate 1 and 2 are connected by shared facilities located at the ground floor level. Magnificent 2 and 3 bed apartments are available in designer Classic or Modern finishes, either furnished or unfurnished. The covetable duplex penthouse unit is accommodated in the Estate 1 with breathtaking panoramic views, a private pool and expansive entertainment areas.

The Estate Residences are unparalleled in Cape Town and are set right up against the exquisite face of Table Mountain which presents a natural garden right in the heart of the Atlantic Seaboard.

THE **ATLANTIC**
SEABOARD
CAPE TOWN'S
RIVIERA

AT YOUR **FINGERTIPS**

Sea Point

The Point Shopping Center in Sea Point offers you a bouquet of experiences, retail, professional services, medical, fitness, beauty and convenience.

Mouille Point

Mouille Point, Sea Point and Three Anchor Bay are more ocean front than beach but the small tidal pool at Saunders Rock and Three Anchor Bay's small beach are favourite spots amongst locals. However, it's the promenade that draws people here. This famous walkway hugs the shoreline along most of the Seaboard and is the haunt of joggers, walkers, dog walkers and families.

Clifton

This is the ultimate hangout spot of local beauties and international jet setters. Feel free to stare behind designer sunglasses or bask in the golden sun among the hip and the fashionable. This immaculate area has four beaches (conveniently named 1st, 2nd, 3rd and 4th Beach) and has achieved blue flag status due to the turquoise water and white sands. These four beaches are Cape Town's premier beaches, divided by majestic granite boulders and flooded with gorgeous bodies during summer time.

Camps Bay

Just up the road from Clifton you'll find Camps Bay – a long, sandy beach with palm trees and an incredible promenade lined with cafés, restaurants and cocktail bars. Here Cape Town's fashionistas mingle with tourists against the spellbinding backdrops of Lion's Head and the Twelve Apostles. Have a lazy stroll or a cool cocktail on a sultry summer's afternoon. Or go further towards Llandudno and try to find the local hidden gem of a beach called Bakoven.

Glen Beach

Within walking distance from Camps Bay, Glen Beach is a small beach set in a little enclave and is a favourite surf spot for locals. The area also features Maiden's Cove: a fantastic family beach just in front of the Glen Country Club.

Bantry Bay

Bantry Bay lies perched on the rocks overlooking the Atlantic Ocean in one of the most exclusive bays on the Atlantic Seaboard. Long known as the area in Cape Town with the least amount of wind, Bantry Bay is much sought after and, because of its location, it's an ideal base from which to explore the livelier neighbouring Sea Point and surrounds.

Granger Bay

Situated in its own little bay on the doorstep of the V&A Waterfront, the suburb of Granger Bay has some of the most sensational views of Table Bay and Robben Island – resulting in a view of the most spectacular sunsets the Mother City has to offer. With its close proximity to the promenade, Granger Bay is ideal for dog walkers and seaside runners and cyclists.

Look upon the ships entering the harbour or spend time with a good book on one of the many benches along the shoreline.

Signal Hill

With the best bird's eye view of the Atlantic Seaboard Signal Hill connects Kloof Nek to Lion's Head in the distinctive shape of a lion's rump. Locals have long favoured the view when packing a picnic basket and champagne and from the vantage point of its 350m high summit, the view on a clear early evening is simply out of this world.

Table Mountain

Yes, the mountain does indeed seem to be as flat as a tabletop when seen from below. But once you've climbed your way to the top, you'll realise that the mountain has many secrets – jealously guarded by the blanket of clouds often surrounding it. For the last 50 years or so, the world-famous cable car has made access to the top easier, but the mountain hasn't lost any of its appeal to hikers, rock climbers and nature lovers.

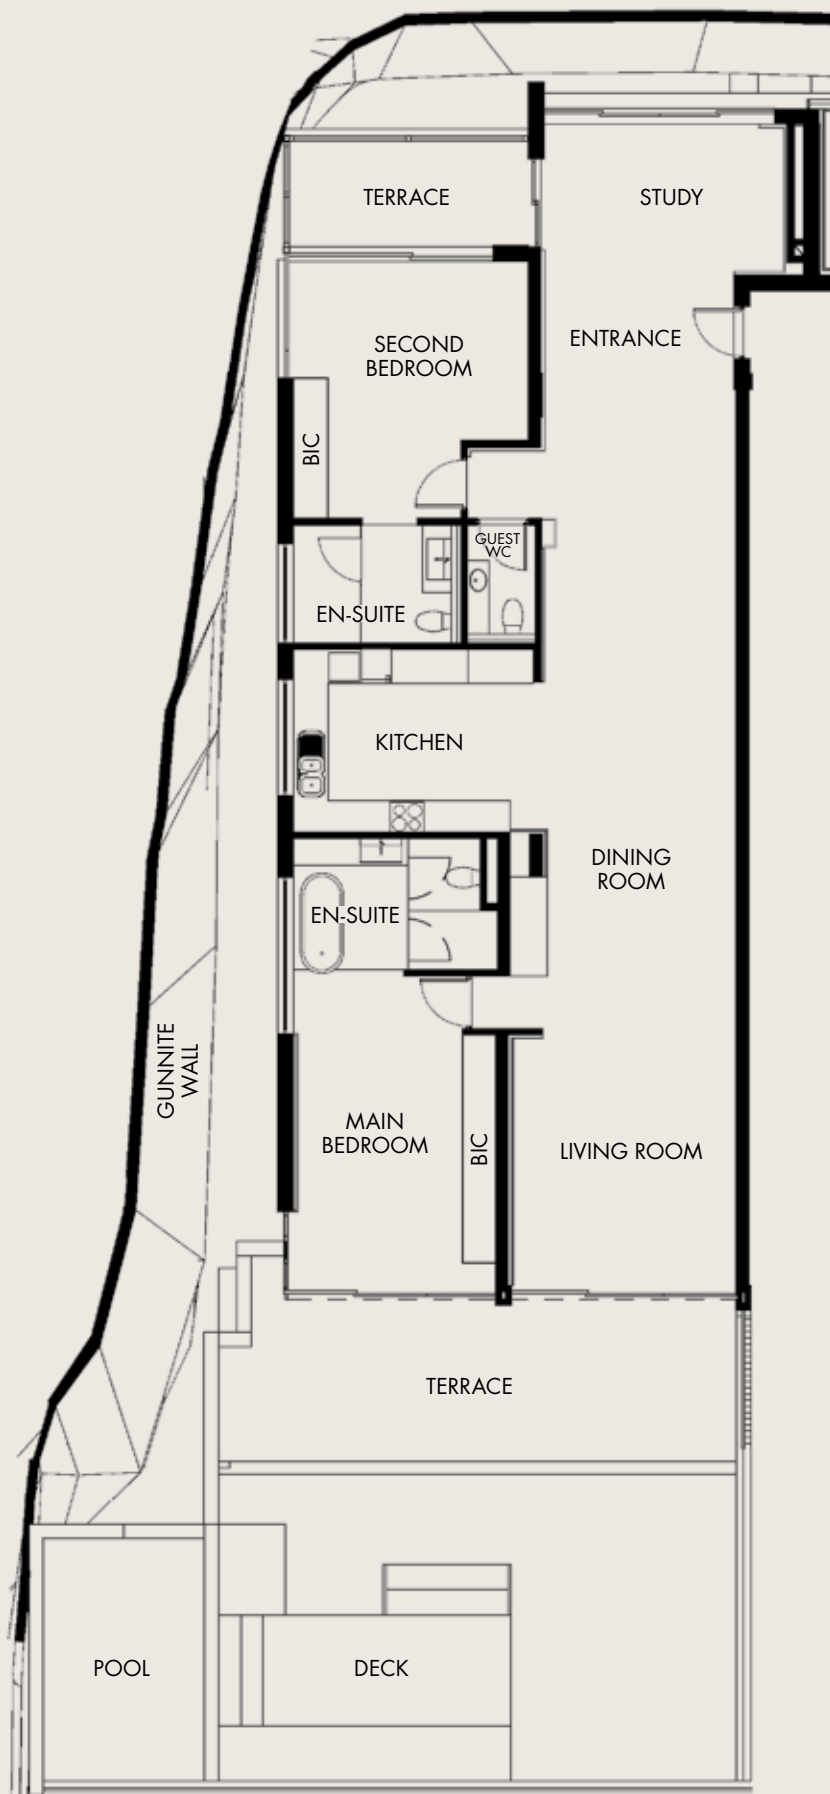

For Capetonians, the mountain is a symbol of the ethos of Cape Town itself – unpredictable, majestic, multifaceted but always welcoming. You'll spend a lifetime living in the shadow of the mountain and still discover a new side to it every day.

V&A Waterfront

Nestled in-between Robben Island and Table Mountain in the heart of Cape Town's working harbour, the Victoria & Alfred Waterfront has become South Africa's most visited destination. With magnificent ocean and mountain views, and incorporating the old harbour in its innovative design, the premier shopping centre and entertainment venues rub shoulders with creative office locations, world-class hotels and luxury apartments in the residential marina. Shop, play, work, live... it's all happening at the continent's most famous shopping centre.

INTRODUCING INHOUSE

Inhouse is one of the most comprehensive design consultancies in South Africa with offices in Cape Town, Johannesburg and Durban. Their mission is simple: to bring inspiration and innovation to every design they touch.

With an extensive array of clients and over 20 years of experience, they offer a comprehensive turnkey service, which includes a full design package, budget, programme and project management.

The Berman Brothers entrust their most valuable developments with the InHouse team. "We first encountered InHouse when we started The District. The quality of their work is spectacular," says Paul Berman, and maintains that the great relationship that they have established over the years is due to a mutual respect for one another and a mutual high regard for a quality worth ethic.

GRIDCO

Specialising in the multistorey residential construction market, GRIDCO Construction enjoys a hard earned reputation as a reputable principle building contractor on the Atlantic Seaboard.

GRIDCO Construction have a proven track record attributed to efficient systems, effective resource allocation and dedicated intellectual capital with select projects and clients.

The Berman Brothers' solid reputation on the Atlantic Seaboard for product excellence and superior service delivery has provided the ideal platform for GRIDCO Construction to prove that there are competent contractors offering quality service, value and integrity to the open market.

A STRATEGIC ALLIANCE

Werksmans is proud to be aligned with The Berman Brother Portfolio. As a strategic partner of these dynamic development giants, it is Werksmans' goal to create an effortless and seamless legal platform on all levels of conveyance. With their expertise, the team looks forward to adding value to the The Berman Brothers' vision.

BERMAN CREATIVE

Berman Creative is the most recent addition to the Berman Brothers Group. Headed by Marketing Manager, Natasha Christensen, this hand-picked marketing and design team specialises in Graphic Design, Digital Design, 3D and Film Production.

ANNERETTE – NEW DEVELOPMENT SPECIALIST

"Limitations live only in our minds. But if we use our imagination, our possibilities become limitless."

Inspiration is everywhere and she strives relentlessly for perfection, amassing countless hours of skill, talent, ability and attitude. Annerette has an astonishing audacity, tenacity and unwavering determination to deliver excellence and nothing else but the best of the best surfaces.

Sharing the same mantra that the best leaders in the world remain students, that excellence is not an act but a habit, Annerette's foundation with Paul and Saul are cast with the same core values of excellence and perfection... the best, nothing else.

Their developments are designed for those who appreciate the high life. I urge you to join in and experience the ultimate playground. This exclusive, unique destination offers enthusiasts the opportunity to own a lifestyle designed by the stylish, for the fabulous.

THE ELITE DEVELOPMENT SALES TEAM

The constant quest to be extraordinary is what establishes sales excellence.

An aerial photograph of a coastal town, likely Cape Town, South Africa. The image shows a dense residential area with colorful houses, a sandy beach, and the ocean. In the background, a prominent mountain peak, Table Mountain, rises above the clouds. The sky is blue with some light clouds.

THE FUTURE

THE BEST WAY TO PREDICT THE FUTURE IS TO CREATE IT

IT'S **TIME** TO GET **TOGETHER**

The Berman Portfolio Café, opening right in the heart of Sea Point, is pinned to be a groundbreaking development in the South African property space.

The very first of its kind, this elite “coffee house”- come-property agency experience will be a melting pot for creative brainstorming, networking, property marketing and sales.

As a consolidation of what estate agencies across the world are evolving into, it will be a hybrid property agency meets 3D virtual reality centre, taking you all the way into the 22nd century with cutting edge design and the latest that digital technology has to offer.

Visitors will be able to view current property stock as well as what’s on the horizon. Individuals and businesses alike may use this unique platform to sell and promote their very own homes, while a skilled barista brews them the best coffee in town.

“Our challenge is that we can’t do what’s normal. We need to be different and constantly better than even our best” Paul Berman

EXPERIENCED **EXCELLENCE**
